### Description:

5 Wesley Place is a one-and-a-half-story-tall, two-bay-wide, one-bay deep frame garage constructed circa 1900. The garage has a concrete foundation and consists of a rectangular, side-gabled main block with overhanging eaves and a one-story shed-roof addition extending to the southeast. The roof is sheathed with asphalt shingles. The exterior of the garage is clad in wood board and batten siding on all elevations. The front (southeast) elevation, comprising the shed-roof addition, features two metal roll-top garage doors. The northeast elevation has a fixed wood window with six inset lights on the first floor. The rear (northwest) elevation is void of any openings. A six-light, fixed wood window sits in the southwest gable end. A six-panel replacement door is located on the first floor of the southwest elevation.

History: 5 Wesley Place first appears cartographically on the 1916 Sanborn map of Cranbury Township as a two-story frame garage with a shingled roof, located east of the dwelling at 70 North Main Street. A wagon shed, demolished by 1933, abutted the subject building to the southeast. The 1933 Sanborn map indicates that the subject building had a metal or slate roof. This roof was replaced with asphalt shingles during the second half of the twentieth century. According to historic aerial photographs, the one-story shed roof addition was constructed circa 1950. 5 Wesley Place has occupied its own parcel of land under a separate owner since 1999.

**Additional Information:**

The 1989 Heritage Studies survey identified 5 Wesley Place as a contributing outbuilding associated with the dwelling at 70 North Main Street. Since the 1989 survey, 5 Wesley Place was sold to a separate owner and now stands on its own tax parcel. RGA concurs with the previous evaluation and recommends 5 Wesley Place as a contributing resource to the Cranbury Historic District due to its date of construction and use of materials compatible with the district.
